FROM the DESK of JOHN LECHER LAKE MANAGER

Lake Manager Report

Ballots for the Board of Director's election were mailed July 13th. Please review the candidates and vote for up to 3. Ballots must be returned in the return envelope with your name and lot number provided. The deadline for returning ballots is by 1:00 PM August 8th at the lake office.

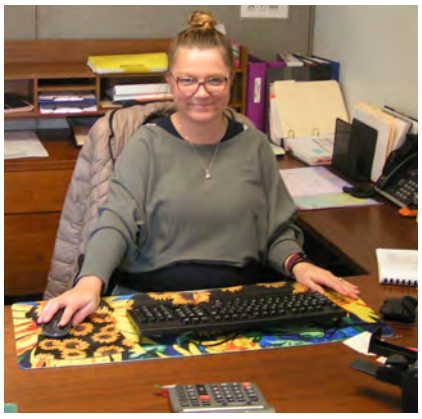

The 2026 Annual Meeting of the Lake Santee Property Owners Association will be held Sunday August 9th at 2:00 PM.

I would like to thank Aaron, Gina and Steve for volunteering their time and efforts to serve on the Board. I want to thank Gina for her six years on the Board during a very important time for the Lake & Beaches. She was tasked with Silt/Sediment mediation, water analysis, shoreline erosion and dam analysis. She worked very hard with her committee members, contractors and fellow board members to increase water quality and to protect the lake as our most valuable asset. A special Thank You to Steve for serving on and leading the board. He was very instrumental in steering the Board in the right direction on tough decisions such as, dues increase, marina purchase, and building our reserve for future expenditures.

LAKE SANTEE PROPERTY OWNERS ASSOCIATION, INC.

2026 ELECTION CANDIDATES

Our Board of Directors of the Lake Santee Property Owners Association, Inc. ("Association") is asking our Association's members to vote upon the election of three (3) owners to serve on our Board of Directors. This action is being taken in the form of written ballots which are being submitted to the Lake Santee members. This voting for the Board is being done in lieu of voting at an Association meeting. All members in good standing are being afforded the opportunity to vote.

To be effective, at least 45 members in good standing must submit ballots. Ballots must be returned no later than 1:00 PM Saturday, August 8, 2026 to the LSPOA Office in person or by mail. Please note that once you submit your written ballot, it cannot be revoked.

The following individuals have been nominated for the Board of Directors. You are to vote for no more than three (3) including any write in votes. Three directors will be elected.

AL BRYANT Nov. 6 , 2025

GUY O'GARA LOT 1353 Sept. 14 th. 2025

Lake Santee Property Owners Association, Inc.
Official Nominating Form
Director of Lake Santee POA

Name: Jeff Haboush **Lot:** 536
Address : 536 NW Santee Dr.
LSPOA Member for: 5 Years
Full or Part Time resident: Full Time

- Vice President, Lake Santee Women's Club
- HOA/Airbnb Officer, Grand Venezia Condominium Association
- Certified Service Dog Trainer
- Volunteer supporting nonprofit and community organizations

Hobbies Boating, tennis, pickleball, swimming, walking, gardening, painting, crafting, and spending time with family and friends

Reasons for Interest in Serving on the Board

Lake Santee has been an important part of my family's life for more than 25 years. I would love the opportunity to bring fresh ideas, listen to residents and understand what matters most to them, and help make our community even better while preserving what makes it special.

Biggest Concerns About Lake Santee

Consistent enforcement of community rules, periodically reviewing services such as trash collection to ensure they remain cost-effective and convenient for members, welcoming new property owners, encouraging greater resident involvement, and maintaining the beauty and appeal of Lake Santee while preserving its traditions and character.

Changes I'd Like to See

I would like to see more opportunities for residents of all ages to connect and become involved in community activities, a new-owner orientation program that helps members feel welcomed and informed, and continued beautification efforts that enhance community pride and preserve the appeal of Lake Santee.

General Information Lake Santee has been a special part of my life for 25 years. As a parent and grandparent, I am committed to preserving and make it a special.

Lake Santee Property Owners Association, Inc.
Official Nominating Form
Director of Lake Santee POA

Name: Connie Adelman Lot: 198

Address: 198 W Oneida Trail

City & State: Greensburg, IN Zip: 47240

How long has been a member of LSPOA: 18 years

Permanent resident of Lake Santee: ☒Yes ☐No

Work Experience: Before retirement in 2021, I spent 29 years as an executive in higher education, overseeing 69 campuses. I was an instructor for accounting, business & tax accounting courses; Accountant; Academic Dean; Campus President; Executive Director; Vice President of Campus Services; Vice President of Campus Operations; and Chief Restructuring Administrator. My responsibilities included financials; managing operating and capital budgeting, along with long-range plans; human resources; compliance and regulations including national, regional & programmatic; & campus management. I served on several education state and national boards as a member and an evaluator of the regulations. After retirement, I started a non-profit (Project Linus) serving children who are seriously ill, traumatized or in need. This non-profit has grown over the past 3 years, in which we have served over 3200 children in our area.

Organization/Club Activities (include offices held): Lake Santee Women's Club and held the office of Vice President for one year and President for 5 years; Accreditation Council of Independent Colleges & Schools (ACICS) in which I served as an evaluator & team chair for 18 years and served on the Intermediate Review Committee (IRC) and Board of Appeals; Indiana Association of Private Career Schools; ABHES as an evaluator; and The Jar Church we serve as a monthly coaches.

Hobbies: Reading, crocheting, travel with family

Reason for running office: I have regularly attended the monthly LSPOA board meetings and would like the opportunity to contribute to their decisions that will better the lake for those in the future. I have been an active member of Lake Santee since moving here full-time in 2010 and am supportive of initiatives that the board has taken over the past several years, including dredging, and stream bank stabilization. As a board director, I will continue to advocate for the safety of everyone on the lake to ensure members are aware of the boating rules and regulations, as our lake continues to have increased boaters. The board continues to address some tough issues, and I feel that my management, compliance, and financial background would be useful in assisting the board to maintain financial responsibility, compliance, and safety in a growing community for all residents and their families to enjoy.

General Information (limit to 50 words): My husband, Tony, and I participate regularly in trivia, music trivia, and golf cart runs in which we enjoy meeting members and their friendship. I have been the committee chairperson of the Lake Santee Women's Club auction for the past 4 years and each year we have increased the auction funds, which have gone back into Lake Santee community improvements. I want to continue to be involved in keeping the lake and community a premier location to enjoy.

Lake Santee Property Owners Association, Inc.
Official Nominating Form
Director of Lake Santee POA

Name: Carol Goodwin **Lot:** 285

Address: 285 W Santee Drive

City & State: Greensburg, IN **Zip:** 47240

How long have you been a member of LSPOA?
24 years

Permanent resident of Lake Santee: ☒Yes ☐No

Work Experience: Salesperson, freight clerk, Human Resources, Corporate Secy/Trea, Corporate V-Pres., New Castle City Court Judge

Organization/Club Activities (include offices held): New Castle/Henry County (NC/HC) Chamber of Commerce board member & president; NC/HC Economic Development Corp board member; Henry County Convention and Visitors Bureau board member & president, NC/HC Healthy Communities board member; Henry County Board of Zoning Appeals board member & president; First Friends Church trustees chairperson, education committee, Sunday school teacher, Cub Scout Leader; Brownie Scout leader; Cub Scout Leader of the Year; Henry County Woman of the Year; Henry County Citizen of the Year; Master Gardener; contributing writer for the Smoke Signals; LSPOA board member & president, LSPOA clean-up committee

Hobbies: gardening, swimming, boating, crafts

Reason for running for office: This is my home and I value all this community has to offer. My past experiences give me a good foundation for being of service to Lake Santee by serving on the LSPOA board. I have spent a large part of my adult life volunteering and enjoy giving back.

General Information (limit to 50 words): My husband and I have been coming to Lake Santee since 1972 when my parents bought a home here. We bought our own home in 2002, then retired here in 2018. We have two children and two grandchildren who also love spending time here. We have witnessed our community blossoming into what it is today.

Lake Santee Property Owners Association, Inc.
Official Nominating Form
Director of Lake Santee POA

Name: Abigail Anderson **Lot:** 1238

Address: **1238** NE Mohican Trail

City & State: **Greensburg**, IN **Zip: 47240**

How long have a member of LSPOA: 3 years

Permanent resident of Lake Santee: X Yes ☐No

Work Experience: Abigail Anderson, PT, DPT, ATC, MAT, Cert. DN, CPD, I am a Doctor of Physical Therapy and graduate of Bellarmine University with a strong foundation in athletic training, rehabilitation, and patient-centered care. Based in Greensburg, Indiana, I blend advanced clinical education with extensive hands-on experience across a wide range of healthcare environments. My approach is grounded in evidence-based practice, compassion, and a commitment to helping individuals regain mobility, confidence, and quality of life. I earned my Bachelor's Degree in Athletic Training from Indiana State University, graduating Magna Cum Laude. During my undergraduate studies, I was a student-athlete on the women's soccer team and an active member of the Athletic Training Student Association. These experiences fostered my appreciation for teamwork, discipline, resilience, and performance-based care—principles that continue to guide my professional practice.

Organization/Club Activities (include offices held): I have been an integral member of Lake View Wellness over the past year, contributing significantly to our mission of educating the community and expanding the amenities available to all Lakers. Drawing on my expertise in physical therapy and positive outlook, I am committed to continuing my service to our community and improving the well-being of its members, regardless of the scale of the impact. I am an active member of the Lake Santee Women's Club.

Hobbies: I love exploring new corners of the world and soaking up different cultures, then coming home to the simple joys of lake life with my "lake family." You'll often find me in Indianapolis making memories with my relatives, or at home spoiling my fur babies. I'm happiest outdoors—kayaking at sunrise, competing in my golf league at North Branch Golf Course, and playing pickleball with friends until the sun goes down. I'm also big on personal growth and staying healthy, always finding fresh ways to learn, move, and live life to the absolute fullest.

Reason for running for office: I'm running for this board to make a meaningful, lasting impact on our community. Over the past year—getting involved, listening, and working at Lakeview Wellness—I've met so many incredible neighbors and heard a wide range of wants and needs around our lake. Electing me means every voice gets a fair hearing and every decision is made with what's truly best for our community in mind—so we can keep growing in ways that are fun, vibrant, and above all, safe. I live off lake and want to make sure that population is represented on the LSPO Board. As someone in my early 30s, I bring fresh eyes, new energy, and a forward-looking perspective to help uncover opportunities that elevate the place most of us proudly call home. Professionally, I've served multidisciplinary teams in healthcare, where I've learned to listen deeply, weigh diverse viewpoints, and work toward practical, balanced solutions.

Lake Santee's SMOKE SIGNALS

The By-Laws of the LSPOA state in Article IV, Section 4 and Article IX, Section 2 that the Association will have an official monthly publication.

Our first Lake Manager, the late Tony Miller, gleaned from his travels to other lakes that the organization of a Booster Club to handle this publication would be beneficial. The first official publication, which became known as SMOKE SIGNALS was first published on March 28, 1969. It was produced by a group of VOLUNTEERS and continues as such to this day.

Funds for this monthly publication are received from donations from LAKE SANTEE MEMBERS and our ADVERTISERS. If you would like to VOLUNTEER or

The six holidays are: Memorial Day weekend, Flag Day, July 4th weekend, Labor Day weekend, September 11th, and Veteran's Day. The flags are posted a dawn and taken down at sunset by volunteers at the Lake. Each of the flags has been flown over the nation's Capital. A subscription for a flag can be purchased by completing the form below and attaching a check: $30 for one year; $100 for four years.

Mail or deliver the completed form and a check made out to the Greensburg Breakfast Optimist Club to Ed Fox or Rick Johnson. For more info, call Ed 812-593-0171 or Rick 317-850-44

Youth Fishing Tournament July 5

Trophies door prizes and goodie bags: Chris and Rhonda Bennett and Pam and Craig Duncan
Food, beverages and Supplies:
Dave and Gina Julien
Bait: Gary Hampton and Greg Yazel (not pictured)
Volunteers: Chris and Rhonda Bennett, Craig and Pam Duncan, Dave Julien, Gary Hampton, Marc Santoro, Steve Gray, Greg Yazel, Jeff Davis

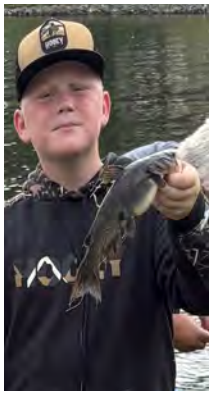

A very large selection of door prizes were raffled off. Door prizes included 13 fishing rods/reels, 4 tackle boxes, 6 soft sided tackle bags/back packs, fishing supplies, 6 bass pro hats, and water bottles. All participants received goodie bags as well - all donated by Chris and Ronda Bennett and Craig and Pam Duncan. Bait was donated by Greg Yazel and Gary Hampton. Food provided by the Julien's.

A huge thank you to our generous donors and volunteers: Chris and Rhonda Bennett, Craig and Pam

Winners in each age group were awarded trophies: Photos are in order of winners below. Multiple pictures were taken of each winner, so I am providing a description of what each was wearing.

Age 3 to 5:

Smallest Fish: Maverick Liville - first picture, he's wearing a green shirt

Biggest Fish: Levi Sweet - he's wearing a blue shirt with ball cap

Most Fish: Ezra Hall - cute boy with mouth wide open

Age 6 to 8:

Smallest Fish: Kate Mullen - she is wearing a dress

Biggest Fish: Clay Hoover (Largest fish caught overall – 20.5") - purple shirt

Most Fish: Sheperd Crull -graphic t shirt and ball cap

Age 9 to 11:

Smallest Fish: Owen Alerding - white shirt

Biggest Fish: Jackson Montgomery - blue shirt, aqua shorts

Most Fish: Ila Judd (Most fish overall – 11) - tie dye t-shirt

Age 12 to 14:

Smallest Fish: Elliott Wise - white shirt, glasses, ball cap

Biggest Fish: Trinity Harmon (16" Bass) - long sleeve pink top

Most Fish: Bryson Montgomery - curly hair, glasses

Lake Santee Golf Cart Run

The Lake Santee Golf Cart run is long standing tradition here at the lake. It is open to all residents to participate, host the run or be a stop on the run.

It is held on the third Saturday of every month May through October starting at 3:00pm at the host stop which is where the food is dropped off for the shared meal after the run is completed. The host provides the main entrée, meat, and the participants bring a side dish or dessert enough for their golf cart riders.

Each stop provides a drink or two with a light snack, some stops offer a non-alcoholic drink and snack for the younger riders. Carts arrive at the stop, stay for about 20-30 mins and then drive to the next stop, ending up back at the host location after a quick stop at the East Beach for a bathroom break. Typically, there are 3 stops and the host for each cart run of approximately 100 to 250 riders.

Riders can stay for the entire run or just a stop or two. Carts ride at a slow speed and practice safe driving so everyone has a great time.

The FTCE non-profit now sponsors the run after many years of Bryant's Bar & Grill sponsorship for the 50/50 raffle at the end of the run. Winners keep their half of the take and the money raised will be donated to a lake project decided by lake members voting.

LAKE SANTEE COMMUNITY · SMOKE SIGNALS · AUGUST 2026

A Rural Wellness Hub *at Lake Santee*

The former marina building at Lake Santee is being transformed into a welcoming rural wellness hub for our community. In this beautiful lakeside setting, we offer programs and services that nurture mind, body, and spirit —helping neighbors connect, heal, and thrive.

This is YOUR community hub — built by neighbors, for neighbors!

SAVE THE DATE · CAMP WOODSMOKE

AUGUST
21–23
FRI – SUN

Lake Santee Family Camping Weekend

Hosted by the **Lakeview Wellness Youth Group and Friends** at Camp Woodsmoke. Families interested in camping can **contact John at the Lake Office** for details and reservations.

RESERVATIONS
John · Lake Office

VOLUNTEER · MEALS
Debra Haboush
317.801.2628

VOLUNTEER · GAMES & ACTIVITIES
Angela Choate
317.258.2034

Want to give instead? Cash and check donations are accepted at the Lake Office.

Pool update: private rentals continue through August

Book your swim while you can — **the pool will close on August 31** for renovation preparation and construction. The exact timeline is still being finalized, and updates will be shared as plans are confirmed.

COMMUNITY ROUNDUP

Thank you, Lake Santee

July 4th Garage Sale $2,576 raised

Thank you to everyone who donated, volunteered, and shopped — all proceeds support **marina building maintenance**. It was also a wonderful chance to welcome neighbors inside for tours and hear your feedback about the space.

Summer Wellness School

Thank you to the local presenters who helped us pilot our very first workshop series — your generous gifts of time and expertise made this inaugural season a **great success**.

Keep an eye out for a future workshop series!

TRENDING 2027

PERGOLAS

Shelter with Style

Beyond their practical benefits, Pergolas and other outdoor Structures have evolved into Striking design anchors that Define outdoor living spaces. They create natural zones for Dining, entertaining, or quiet Relaxation, seamlessly Connecting the home's interior With the landscape.

PATIOS

Curved Design

Features a shift toward organic, Soft, and rounded edges in deck And patio construction rather Than rigid, sharp corners. Key trends include warm, Earthy color palettes like Terracotta and sandstone, large Format pavers for a cleaner look, Ambient lighting, and Multifunctional, cozy zones Featuring durable, soft-touch Weather-resistant fabrics.

THE EVOLVING LANDSCAPE OF OUTDOOR LIVING

Outdoor living is undergoing A major transformation as Homeowners move beyond Traditional Patios and lawns. Backyard design trends 2027 focus on balancing Style, functionality, and Resilience, with spaces Designed to look stunning While standing up to Seasonal weather.

LIGHTING

Lighting, Landscaping, And Finishing Touches

Landscape lighting plays a Key role, offering warmth, Ambiance, and safety by Highlighting pathways, Architectural features, And focal points while Extending usability into the Evening hours.

FIRE FEATURES

Warmth and Ambiance

Fire features are making a strong Comeback as the center stage in Backyard design, blending both Function and style to create Inviting retreats. Homeowners Seek ways to add warmth, Ambiance, and year-round Usability to their outdoor spaces.

SOUTHEAST INDIANA PRESSURE WASH

Professional Exterior Cleaning Services

Proactive Care for Exceptional Homes.

Most exterior damage starts before homeowners notice it.

- Organic growth develops quietly.
- Moisture lingers on shaded siding.
- Roof algae spreads long before dark streaking appears.
- Concrete staining sets in before it looks permanent.
- By the time buildup is obvious, deterioration sets in.

The Difference

We are not simply a pressure washing company.

812-363-4449

Our Core Services

- Soft wash siding and trim treatment
- Roof algae treatment and prevention
- Concrete cleaning and surface sealing
- Gutter and soffit cleaning
- Exterior and Interior glass cleaning

SOUTHEAST INDIANA PRESSURE WASH

Exterior Property Maintenance Program

Thoughtfully Managed. Professionally Maintained.

Your home is an investment. Its exterior should be maintained with the same consistency and care as everything inside.

Rather than calling every time something needs attention, we proactively manage your property's exterior throughout the year — scheduling services at the appropriate intervals to prevent buildup, preserve materials, and maintain a consistently sharp appearance.

- **No reminders**
- **No reactive appointments**
- **No piecemeal quoting**
- **Priority scheduling**

Just a structured plan and professional oversight.

What your maintenance plan may include:

- **Clean, streak-free exterior glass**
- **Consistently maintained siding and trim**
- **Preserved concrete and entry surfaces**
- **Functional, debris-free gutter systems**
- **Proactively treated roof surfaces**
- **Seasonal touch-ups where needed**
- **Structured exterior condition reviews**

Interested?

Call or message us at 812-363-4449 to have Colt build a custom maintenance program for your home.

BASS TOURNAMENT JUNE 21 st. 2026

With Memorial Day behind us, summer is now in full effect and with that… So are the USA Bassin Lake Santee Division Bass Tournaments. Our third event of the season was held on Sunday, June 21st and, oh-boy, it was a good one!

Fifteen teams took part in the tournament and with temperatures forecast in the 80's, the weather proved to be as cooperative as the largemouth bass! Folks at home, it has become common knowledge that the fishing at Lake Santee in second to none in the entire Midwest. Our USA Bassin anglers brought over 246 pounds of bass to the scales on this day and each and every fish was successfully released alive and well back into our lake.

The brother team of Leroy and Dan McQueen returned to their winning ways and brought a monster bag of bass to the scales weighing in five bass totaling 23.01 pounds! And the McQueen's limit didn't even include the day's biggest bass… WOW!!

Craig Duncan and his son-in-law, Kyle Hohenberger placed 21.33 lbs of Lake Santee bass on the scales to secure second while Mike Griffith and Garrett Jackson rounded out the Top Three with a five bass limit weighing 20.47 lbs. Meanwhile, Tom Dennison caught the biggest bass of the day, a 5.80 lb giant. Congratulations, everyone!

If you ever wonder how your fishing skills would measure up to these absolute hammers, we encourage you to get off the couch, put down that phone, and come join us! Stop wonderin' and come fishin'! You won't find a better group of folks in our community!

Once again, a huge Lake Santee community **THANK YOU** goes to Michael Massey and all the wonderful folks at Brownies Marine in Fairland, IN for sponsoring our tournaments. Whether you are in the market for a new or pre-owned watercraft, searching for certified & factory-trained service professionals, or trying to locate that hard-to-find boat accessory, look no farther than Brownies Marine in Fairland, IN… just a short drive up I-74!

Be sure to check out all the opportunities which USA Bassin provides for anglers on the website, usabassin.com. Also, for more information about our bass tournaments, follow our Facebook page at Lake Santee Bass Tournaments.

Until next month, please follow our anglers' lead and **PRACTICE CATCH AND RELEASE ON ALL OF LAKE SANTEE'S BASS** and remember to take a child fishing.

God Bless,

Lisa & Chip Ayers

LAKE SANTEE WOMEN'S CLUB
JULY 13 2026
SECRETARY'S REPORT

The Lake Santee Women's Club meeting was held on Monday, July 13 after a pizza and salad luncheon. We met our scholarship recipient, Eli Weisenbach and celebrated with cake and other desserts. Eli read his application to the women in attendance. Eli will be attending Ball State and majoring in architecture. Eli's name has been added to the plaque that is in the Community Room.

Deb Yost called the meeting to order and welcomed everyone to the meeting.

- *Cathy Bryant reviewed the treasurer report and gave an update of the recent activities and current balance. We had a very successful 4th of July Bake Sale and thank you to all the wonderful bakers and to Laura for doing a cookie pre-sale to help make this event a success. We now have enough money to purchase our slide of choice for the main beach play area.*
- *Deb reminded everyone to vote for up to three candidates of their choice in the upcoming election. There are five candidates running so please review their bios in the recent Smoke Signals.*
- *The YMCA Tree City Rolling Tour was a big success with about 150 cyclists. They were very appreciative of all the snacks provided on Saturday, June 27. A big thank you to Sandi for organizing this event and to all the women that prepared the snack items for this event.*
- *Deb reviewed the current quotes for the slide replacement at the main beach. We voted for a slide that meet the needs of our community.*
- *Connie led the discussion for our annual auction event on August 8. The sign-up sheet was passed around to remind everyone what they had signed up for including the silent auction tables. The auction committee chairperson is Connie along with Kim Stilwell, Mary Johnson and Cindy Nicks and Judy Veach. Donations are actively being received from donors to help support our auction. Please let Mary J/Kim Stilwell know if you are donating a basket along with an itemized list. All baskets need to be at Connie's by July 24th and no later than July 29 so all the tagging and computer itemization can be completed. We are also planning on having a tent sponsored by Sandman Motors for the live outdoor auction. A discussion to purchase the tent using the donation from Sandman Motors to use for future auction events. A vote was approved with the members present. Michelle Deaton passed out a signup sheet for the appetizers and dessert items for the auction. Please bring in the food items at 4 pm on 8/8 to the Community Room. Mary Fox will oversee the live auction tables.*
- *There is a Lake Santee family camping weekend at Camp Woodsmoke on August 21-23. John Lecher and Lakeview Wellness are the organizers and asked if the Women's Club may be interested in helping with some activities. Deb has signed up to do a cooking class and will make chocolate chip cookies on Saturday morning. Deb Y will send a list of items needed for this event that can be dropped off to Deb Haboush. The list is also posted on the Lake Santee website.*
- *The request to purchase one acre for Feed the Flock was voted on by the members present. All profits go to the Bread of Life.*

- *Condolences to Lucy Dingledy on the recent passing of her husband,*
- *Mary Tapke stated that the Bread of Life needs American Cheese slices for sandwiches for the summer. Mary will also be working on the 2027 Thursday rotation schedule.*

- *Upcoming Events:*

  August 4 (Tues) & 5(Wed) are prep days at Connie's house at 1pm.
  Baskets need to be dropped off at any time but no later than July 28th.
  August 8 - Auction at 5 pm at the Community Room. Drop off food at 4 pm.
  No August meeting
  September 14th meeting will be in the evening at 6:30 pm with appetizers and desserts. We will play Singo Bingo. More info to follow.

Lake Santee Women's Club is open to all women at Lake Santee. If you are new to Lake Santee or are not on the current e-mail list, please let Deb Yost (lakesanteewomensclub@gmail.com) know, so we can be sure to get our notices to everyone who is interested. We would love for you to join us at any meeting or sponsored activity.

Our aim is to encourage the members of the Lake Santee community to appreciate and protect our natural setting.

Nature at the State Fair!

It's Indiana State Fair time and the Indiana Department of Natural Resources (DNR) has a whole range of activities to visit while you're letting your fair food digest or you want to get out of the heat into some air conditioning.

The Natural Resources Building on the north side of the fair has exhibits and demonstrations from many different DNR divisions. Besides the air conditioning and public restrooms, there's a big display of Indiana fish and a butterfly garden. You can ask nature-related questions at the info booth and browse outdoor-themed merch at the Mother Mercantile store.

One of the fun activities is the DNR Fishin' Pond, where kids 5-17 can try their hand at fishing (registration required). And the popular raptor show takes place in the covered amphitheater.

INDIANA
STATE FAIR

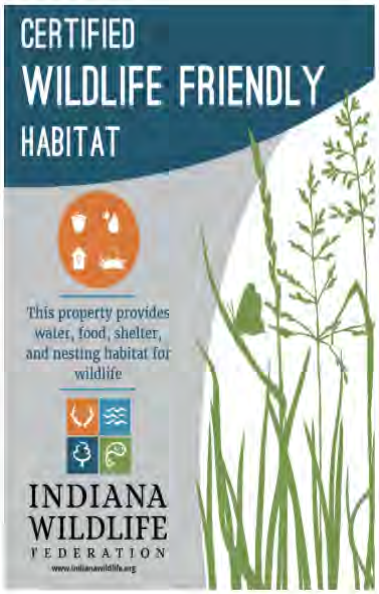

AUGUST
1 - 17

Coming Up

Our next monthly meeting is Weds, August 5, at 1 pm in the Community Room.
Want to know more about FOWALS, or have a question? Contact Charm Seright at charm.seright@gmail.com.

And sometimes perhaps too friendly!

Have the wildlife been a little too friendly around your home habitat lately? They certainly have been at the Habitat on Kiowa Cove! When FOWALS recently expected to see clouds of zinnia blooms on the many healthy plants in the annual garden area, they discovered all but ONE bloom neatly nipped off at the top of each stalk. Our ever-ranging deer are the prime suspects, but one never knows who might find what plants tasty.

Here are a few helpful hints for keeping your blooms from becoming wildlife buffets:

- First thing is to select bloomers marked as deer-resistant. Lavender, daffodils and marigolds deter them because they don't like the smell or taste.
- Apply organic sprays containing ingredients like chili powder, garlic or blood meal. Save hair from your hairbrushes and drains to put on the ground around plants.
- Plant a "living fence" perimeter of decoy plants (clover, sunflowers or other native pollinator species) outside your main garden to satisfy munchers before they get to your blooms or vegetables.
- According to "The DeerProf," motion-activated sprinklers work well as a short-term solution until the deer realize the water isn't dangerous. The best long-term year-round solution is devices that use a combination of ultrasonic sound waves and flashing LED lights. The sound is undetectable to humans but highly irritating to deer, and the lights keep them on edge.

It's hot outside! Don't forget to provide water for the birds, bees and butterflies. Just a jar top of water with a few stones in it for access can make all the difference to a thirsty flying visitor.

Nature Talk

By Carol Goodwin

I'm not sure who has adopted whom, but we have been graced with three Swedish Black ducks for past several weeks. These three come to our shore every day to just hang out and snack on the dropped goodies from our bird feeders. I often have cracked corn on the ground for the wood ducks and mallards, so that is a bonus for these guys, too. I can get fairly close to them, but not close enough to touch or be pecked. They do not run away in fright but rather prefer to maintain a little distance from me. Typically, they are not found in the wild so these must be either escapees or abandoned for some reason. And since they don't fly, I'm curious to know how they arrived here.

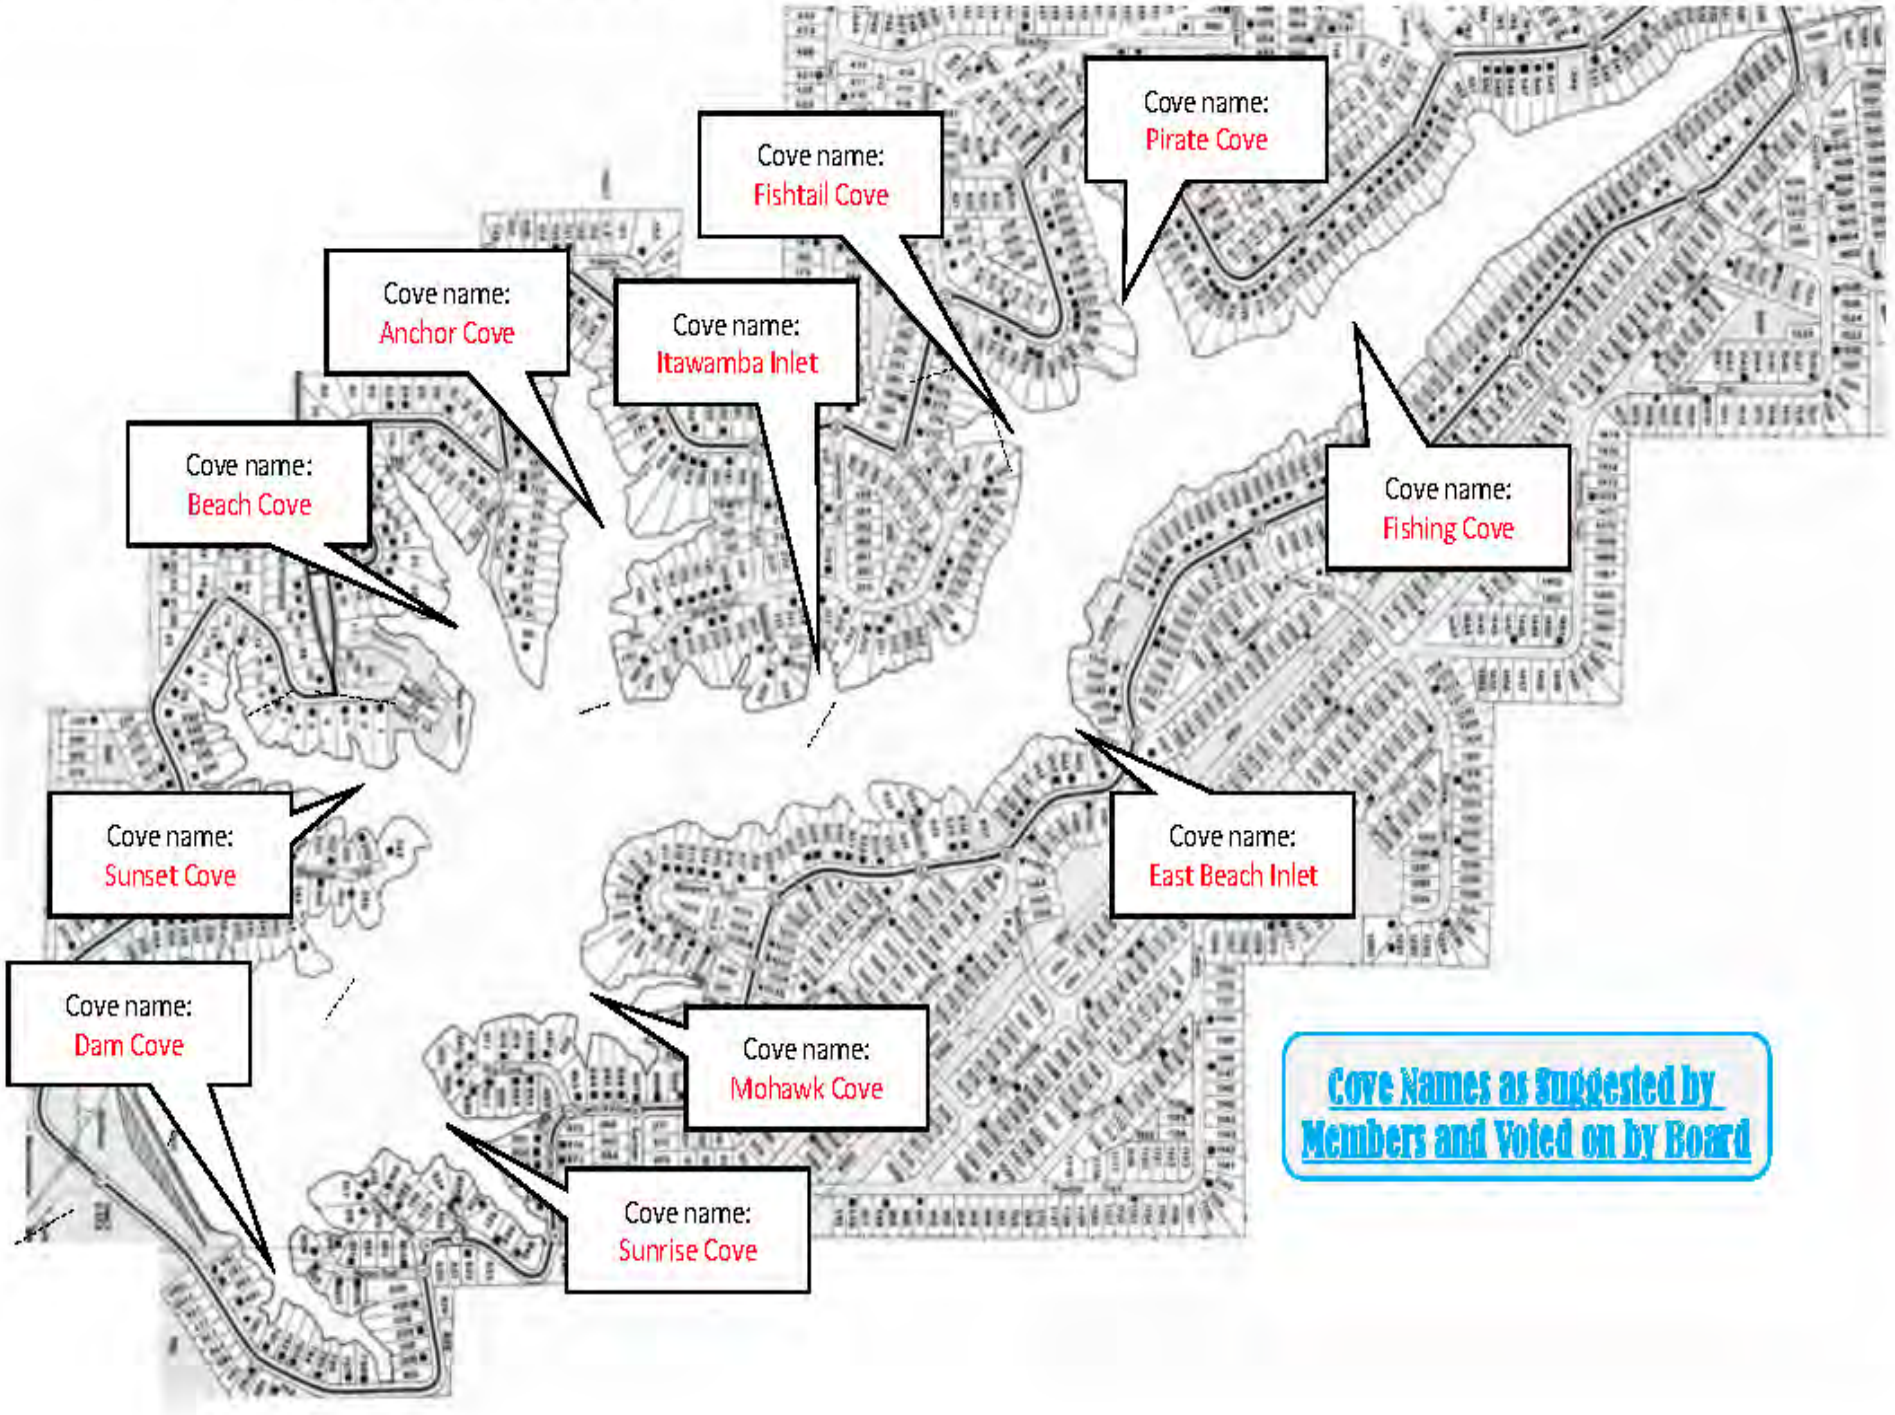

Swedish black ducks are normally found on a farm, breeding facility being used for eggs and meat, or as a family pet. These ducks hail from Sweden and were developed around 1835. They weigh about 6 to 6.5 pounds for drakes (males) and 5 to 5.5 pounds for females. The females will produce about 130 to 180 large to extra large eggs each year. They are calm, social and easy to handle. Swedish black ducks live about 8 to 12 years. They are very adaptable to climate changes, even cold environments. They are great foragers and when left to their own devices eat insects, snails, aquatic vegetation, seeds, and grains,

As babies they have black and yellow down then grow into adults with solid black feathers with a white bib on their chest. The head and neck take on a greenish cast when the sunlight shines, much like a mallard's head. The legs and beaks are yellow. Females have flat tail feathers. Drakes have one or two upward curled feathers on their tails.

Females have a strong "quack" that is loud and clear. They will start laying eggs at 5 to 6 months old. The eggs are usually white to light green but occasionally will lay darker colored eggs.

Drakes make a much softer sound much like a "shhh-shhh" or a low raspy sound. They are more aggressive and exhibit protective behaviors toward the flock. When excited, a drake will bob his head up and down.

Meeting Minutes

Meeting of June 18, 2026 – 3:30 PM

Lake Santee Community Room

1. Call to Order / Roll Call
    a. President Tom DePalma called the meeting to order and requested a roll call. Members present were Tom DePalma, Maurie Goodwin, Larry Kiernan, Larry Nicks, Bob Kasee, and Joyce Eddy. Steve Yost was absent. Also in attendance were Utility Administrator, John Lecher, Utility Superintendent, Greg Coffin, Utility Operator, Dom Huber, and Attorney, Anne Poindexter.

2. Guest introduction and short comments
3. No guests were present

    Consent Items
    a. Minutes of May 21, 2026, Meeting
    b. Financial Report
    c. Register of Claims – Water
    d. Register of Claims – Sewer

    A motion was made by Maurie, second by Bob, to accept the consent items. Motion carried.
4. Superintendent Report
    a. Water Status Report – Greg reported that the north carbon was changed out and is now back online and running great. The other half of the carbons will be changed out in October.
        i. Greg reported that membrane two is failing and didn't want to restart; it did once it was reset. A new one is on order.
        ii. The opposite unit was replaced last year, they run about $7K – turnaround time is 3-4 weeks. We can review the AMP to see when these were installed. Greg will find out what the shelf life is for the membranes as well as asking Toric when the last time we ordered them.
    b. Sewer Status Report
        i. Another vendor was found for the Digester Blower Gear Box, which is Roots Blower for $5,200 – Dom reported that the install is straight forward and RWWD could handle it with no need for outside help.
        ii. CHM was contacted for the clarifier repair. When they come out next, they will quote it. Repairs should save quite a bit of money versus replacement.

Lake Santee Regional Waste & Water District
Meeting Minutes
Meeting of June 18, 2026 – 3:30 PM
Lake Santee Community Room

iii. The sewer plant is running well.

c. Neptune System – 99.1% readings for meters are coming in since the second pole was set at the East Beach, which is better than the initial 94.8%. Two (2) meters that were replaced are not in the system yet. Six (6) antennas and three (3) meters needed replacing; one (1) was dead and one (1) was very old. Replaced up to 12 at this time. Greg is very pleased with the functioning of the new metering system. The system flags the meters that have not been read, and the system picks up readings about every three (3) days.

d. No quotes this month from Greg.

e. Dom's exam status – he did not pass the first time. An application has been filled out to retake the exam. He is just waiting for acceptance.

5. Administrator Report
   a. Status Report
      i. Leaks = 18 – six (6) ongoing, twelve (12) new. Several leaks are toilet related. Higher usages have been from cleaning and watering.
      ii. Disconnects = 0
   b. No write offs or adjustments.
6. Treasurer Report
   a. John mentioned the need to monitor the water checking account. The Water account sheet in the package is the balance at the end of May, but the current balance at the date of the meeting exceeds $100K. The office will monitor the actual balance prior to the monthly meeting to make sure there is enough to cover the claims against it. There was a discussion on past expenditures having taken the balance down.
7. Old Business
   a. Asset Management Plan (AMP)
      i. The meeting with selected Water Board members last month did not have a whole lot to add. John is not sure if the forecast can work without someone who is an expert at Excel. POA's AMP plan has 36 lines, and RWWD's AMP plan has over 500 lines, so putting in new lines may prove more difficult. They will meet again after Steve is back and will make another attempt to update the spreadsheet. These meetings are normally done on Monday following the Water Board meeting, and anyone is welcome to sit in on them.

Lake Santee Regional Waste & Water District
Meeting Minutes
Meeting of June 18, 2026 – 3:30 PM
Lake Santee Community Room

b. The GIS System is still being edited by Dom when time allows. All Santee Drive has been completed for a total of approximately 100 having been completed.

c. Member Plant Tours – Friday, June 19, 2pm, 4pm, and 6pm.
Tom's golf cart will be available for use as needed and Tom will also provide his cooler for the plant water that will be served. Joyce will provide the cups. Many Santee customers are not aware of where their water comes from. This will be an educational tour.

d. Management Agreement
John sent an email to Lake Waynoka asking for their total number of homes, amount of water produced daily, amount of sewer treated daily, number of district employees, etc. We are close to 30% less than Lake Waynoka which equates to 1 ½ persons less than them. If we outsource taps, we will still be slightly understaffed. The Utility Superintendent has a lot of administrative time we have never considered. We are 1,000 – 1,500 man hours below their numbers. Greg is going to talk to Eric or Ben to find out if there is another utility we can benchmark with. Greg is feeling more caught up compared to when he began. Dom feels there is still not enough time to complete all the tasks due to other priorities. They will keep looking at things to outsource or improve the process. We have two options: hiring a part-time employee or hiring a certified contractor.

e. Mailing Surcharge for Water & Sewer Bills
Tom updated Anne on how we began the discussion on a surcharge for hard copy bills. Anne explained we would have to do a Rate Study and go through a Public Hearing to add a surcharge as a Rate line item and be able to justify by calculating charges, administrative time, driving, etc. Every time there is enough of a Post Office mailing increase we would have to do another Rate Study. There is a lot of administrative work to do the Study. Another option is to increase everyone's rate to include the mailing expenses. The increase in everyone's rate would include those utilizing e-billing. Discussion followed. Communicate to the Community about the expenses of mailing bills and the potential rate increases via the Smoke Signal and the internet i.e. FB pages. See what Muni-link and how they might help.

Lake Santee Regional Waste & Water District
Meeting Minutes
Meeting of June 18, 2026 – 3:30 PM
Lake Santee Community Room

f. Update on final grading work for a property owner's lot.
John contacted Modlin stating that the culvert needs to be cleared or one put in if there isn't one before work is to be done based on the POA's rule that all driveways have a culvert. The RWWD agreed to repair the final grade and leave the repair or replacement of the culvert with the POA.
Bob made a motion, seconded by Maurie to honor the request for grading by Modlin, the homeowner's contractor, for $890, taking care of the grade and improving water flow, which is the RWWD's responsibility. RWWD has no responsibility for the County drainage. Motion carried with one nay vote.
A motion to send a letter to the homeowner that their issues be submitted in writing, to avoid taking up staff and Board members' time, also to limit time in future meetings to three minutes. Maurie made the motion, seconded by no one. Motion died.

g. Process to test and replace meters
Feedback from Anne, says to first do the due diligence, if they say "I want my meter tested," we have the obligation to test once a year, but first have the office go through the list of items that can drive usage up, then the utility technicians can go through field items prior to testing the meter. Bench testing the meter (in-house) was discussed and deemed appropriate.

8. New Business
   a. C & H/M Excavating – tapping, will be here Monday (6/22) with Dom and John F. both sewer and water. See how they do it. The timing is currently not available to share. The tap is for member, Stickford on Itawamba. They will charge us for the labor and use our supplies. They will also attend the July meeting. Any outside contracted costs fall back to the homeowner in the end. Oversite by our personnel will be additional hours and absorbed as a cost of doing business. Dom will let the Board know what time the tap will take place.
   b. Muni-Link Billing Software
   Muni-Link's presentation was very impressive. Jayhawk is antiquated and can no longer be built on. Larry N. wants to see other quotes. Anne will ask other districts who they use for billing. We will go back to Muni-Link with additional questions.

Lake Santee Regional Waste & Water District

Meeting Minutes

Meeting of June 18, 2026 – 3:30 PM

Lake Santee Community Room

c. Assistant Lake Manger

This position focuses on putting staff into managing the Security Team, payroll, taking John's responsibilities when he needs additional help, etc. The POA will hold the staff position and any sharing with the District would be in the Management Agreement.

9. Trustee Reports and Comments
   a. Larry N. requested what the protocol was for the water treatment plant when the weather is super bad. Greg responded that there are alarms set up to alert the Utility personnel as needed as well as back-up batteries are in place to notify them when something does not happen as required. The back-up generator kicks on when the power goes out.
10. Adjourn – Motion to adjourn made by Larry N. and seconded by Maurie. The motion carried, and the meeting was adjourned.

Respectfully Submitted by
Joyce Eddy for Secretary, Steve Yost

These minutes are subject to approval by the LSRWWD Board at the July 16, 2026, meeting.

LAKE SANTEE REGIONAL WASTE & WATER DISTRICT

Monthly Board meetings are held on the THIRD THURSDAY of each month at 3:30 P.M. in the Community Room

WASH"EM OFF!
WIPE"EM OUT!

Protect Our Natural State.

Stop the Transport of Invasive Species:

- **CLEAN** boots, gear, boat, trailer & vehicle of plants, fish, animals & mud.
- **DRAIN** bilge, ballast, wells & buckets before you leave the area.
- **DRY** equipment before launching watercraft into another body of water.

STOP AQUATIC HITCHHIKERS!™

Be A Good Steward.
Clean. Drain. Dry.

Lake Santee Boating Safety

Things to Do	DONT'S
☐ Have fun! But be safe! ☐ Wear Sunscreen ☐ Support Robins/Marina ☐ Know the rules ☐ **DRIVE COUNTERCLOCKWISE ON LAKE** ☐ Any/all drivers must know rules of Santee ☐ Life vest needed for every passenger on boat ☐ **DRIVE IDLE SPEED WHEN LIGHT IS RED** ☐ Drive idle speed in all coves and designated no wake zones/marina ☐ Drive closer to shore when going slow/cruising	☐ Pull more than **2 people** behind a boat ☐ Continuously Stand while driving ☐ Move about while riding/moving on boat ☐ Drive intoxicated ☐ Turn without looking/doing donuts ☐ Merge onto lake from cove cutting in front of ongoing boaters. ☐ Surf past the designated turn areas ☐ Drive over 5 mph within 100 feet of shoreline ☐ Drive a boat if you do not have a driver license ☐ Harass or disregard Security Boat/Driver

Road Safety	DRIVING/GOLF CARTING AT LAKE SANTEE

☐ All ***golf cart drivers MUST be 16 years of age*** and have a driving license(permit with adult).
☐ All lake roads are 25 MPH unless posted otherwise
☐ Please watch for walkers/bikers on the road and slow down!
☐ Attempt to minimize dust on gravel roads by reducing speed below 25 MPH
☐ Ask all workers/construction crews to SLOW DOWN!

If you would like to have a ride along for safety or have questions/concerns please contact the Lake Santee office and they will forward your information to the safety committee. Thanks

LAKE SANTEE PROPERTY OWNERS ASSOCIATION, INC.
BOARD MEETING MINUTES
July 8, 2026

President Steve Knight called to order the July monthly board meeting of the Lake Santee Property Owners Association and welcomed all membership in attendance.

The Lake Santee Property Owners Association Board of Directors met July 8, 2026 in the Community Room. President Steve Knight presided and called the meeting to order at 7:30 PM. Other Directors present were Nathan Walsman, Michael Dora, Polly Fox, Gina Julien, Steve Gray, and Craig Stilwell. Members in attendance were Scott Higinbotham (1338), Carol & Maury Goodwin (285), Todd & Barb James (375), Bruce Bryan (842), Betsy & Kyle Kennelly (906), Tom & Jodi DePalma (218), Tony & Connie Adelman (198), John & Lacy Hunt (912), Abigail Anderson (1238), Kim Stilwell (201), Debra Richter (930), Tim & Barb Hanson (1225), Steve & Deb Yost (803), Donna Knight (108), Kevin & Nancy Dick (344), Dave Julien (851), Jeff Haboush (536), Rick Crawford (1482).

President Knight called for a review of the minutes of the June 10, 2026 meeting. The minutes were approved on a motion by Craig seconded by Steve.

Michael gave a brief review of the Treasurer's report. The Treasurer's report was approved subject to review. Michael then presented the following bills to the Board for approval:

Aquatic Control	$	12,000.00		Premier Companies	$	2,709.75
Cardinal Pest Control	$	55.00		RBSK	$	4,111.00
Colonial Life	$	330.96		Stone's Farm Service	$	264.10
Depew, Randy	$	93.99		Stone's Napa, Inc.	$	222.55
Elan Financial Services	$	7,265.69		Summit Microsystems	$	50.00
Greensburg Tool & Supply	$	256.16		Telispire	$	105.00
Jackson's Nursery	$	2,462.50		Tops Home Center	$	88.47
Koenig	$	1,289.00		The Office Shop	$	459.36
Lake Santee RWWD	$	786.81		Wesseler Excavating LLC	$	5,247.00
Lecher, John	$	183.63		*Bills paid prior*		
LSPOA - Petty Cash	$	155.16		Barber, Everett	$	300.00
LSRWWD	$	1,968.40		Foudray, John	$	1,125.00
Margaret Mary Health	$	40.27		Harrison Sand & Gravel	$	22,278.96
Municipal Electronics Division	$	227.17		Paduano, Christopher	$	1,500.00
Murphy Insurance Agency	$	4,017.00		Pitney Bowes	$	212.61
New Point Stone	$	734.73				
Pieczonka Unlimited	$	805.10		**Total Disbursements**	**$**	**71,531.52**

Marina

First Financial Bank	$	1,424.32				
Gauck, Joseph	$	372.00		*Bills paid prior*		
Great Plains Communications	$	168.99		Straber Oil Co., Inc.	$	6,516.38
Midwest Maintenance	$	493.50				
RBSK Partners	$	57.50				
Straber Oil Co., Inc.	$	7,195.74		**Total all disbursements**	**$**	**16,228.43**

After presentation, the bills were approved for payment on a motion by Polly, seconded by Gina.

MEMBER INTRODUCTIONS AND COMMENTS

Members were asked to introduce themselves and were given the opportunity to express comments.

- Member pointed out that all 5 of the board candidates are in attendance at this evening's meeting and they are very qualified. The member also stated that the Recreation Chair used to have a committee and recommended bringing that back to help. Also stated the Women's Club Bake Sale made $1,805 and will be looking to use that money to replace the metal slide at the main beach.
- Member asked the process during rule readings and when members are allowed to speak. Steve stated that after the 2nd reading and before a motion is made is when member input is allowed.
- A couple members stated their appreciation for the outgoing board members and all they have done for the community.
- Member asked about the presence of the vegetation in the lake. Gina stated we will be discussing later in the meeting.
- Member stated the car show made $1,600 the past weekend. Bringing their total raised to $8,800. The money is being donated to Decatur County for Kids and our local fire department.

CORRESPONDENCE

- Received 2 emails with input on the 1st Reading of 4.6 on Wake Surfing. The emails were forwarded to the Board Members for review and consideration for revisions of the 2nd Reading.
- Received 4 emails from members on plant growth in the lake. We started to see this last summer. This is coontail (*Ceratophyllum demersum*). It is a native species that in general is regarded as beneficial as fish habitat. It also can be a very effective filter of water, trapping sediments and out competing algae growth when populations are established. It can however, grow in dense stands that interfere with boating, and water access especially from impacted docks. The best recommendation is to leave it alone. The growth does not always become problematic on larger lakes, and even then, may only be in certain areas which can be effectively spot treated while leaving the remaining habitat. We need to come up with a process of how members request treatment and how to pay for it. We want the treatment to be done by our lake specialist company.
- Received several responses to violation assessments for boats on member's dock or lift without a current year boat permit as violations of Rule 4.3. Members are given until Memorial Day weekend to affix their permit.

COMMITTEE REPORTS

Rules & Regulations – Nathan Walsman

1st Reading Rule 12.19

Current Rule

12.19 Roofing for structures shall be wood/composite shingles or metal, which shall meet the following specifications:

1) Concealed fasteners or clips are required.
2) Metal must be fully supported by decking material.
3) Must be installed in accordance with architectural standards for seamless metal roofing.
4) Finish cannot be galvanized and must have a minimum 30-year warranty to include color fading.
5) Metal must be a minimum of 29 gauge.
6) Color is subject to Building Committee approval.

All other roofing materials are subject to Building Committee approval.

Revised Rule

12.19 Roofing for structures shall be wood/composite shingles or metal, which shall meet the following specifications:

1) ~~Concealed fasteners or clips are required.~~
2) Metal must be fully supported by decking material.
3) Must be installed in accordance with architectural standards for ~~seamless~~ metal roofing.
4) Finish cannot be galvanized and must have a minimum 30-year warranty to include color fading.
5) Metal must be a minimum of 29 gauge.
6) Color is subject to Building Committee approval.

All other roofing materials are subject to Building Committee approval.

Rationale: Update current building standards to keep up with the improving building materials.

Nathan made a motion to accept the 1st reading of Rule 12.19. Craig seconded the motion and the motion passed.

2nd Reading Rule 5.6

Current Rule

5.6 Wake surfing will not be allowed from 11am to 4pm on weekends and holidays beginning the start of day Saturday of Memorial Day weekend through the end of day Monday of Labor Day weekend. Wake surfing will only be allowed in the area from the dam northward to the second cove north of the main beach on the east side. This area will be designated by specific buoys marking the northern most border. While wake surfing, boats must stay 200 feet off the shoreline at all times. Wake surfing (similar to, but not the same sport as, wakeboarding) is a water sport in which a surfer trails behind a boat, surfing the boat's wake.

Revised Rule

5.6 Wake surfing will not be allowed from 11am to 4pm on weekends and holidays beginning the start of day Saturday of Memorial Day weekend through the end of day Monday of Labor Day weekend. Wake surfing will only be allowed in the area from the dam northward to the second cove north of the main beach on the east side. This area will be designated by specific buoys marking the northern most border. While wake surfing, boats must stay 200 feet off the shoreline at all times. Wake

surfing (similar to, but not the same sport as, wakeboarding) is a water sport in which a surfer trails behind a boat, surfing the boat's wake. **A wake surfing permit ~~certificate~~ will be required to engage in the sport of wake surfing at the above designated times and dates. Twenty-five (25) permits ~~certificates~~ will be made available to anyone wishing to use wake enhancing equipment for wake surfing. The wake surfing permit ~~certificate~~ will follow the member not the boat.**

A member:

a) **Must own a wake surfing boat in order to retain a wake surfing permit ~~certificate~~.**
b) **Can retain their wake surfing permit ~~certificate~~ for as long as they own a wake surfing boat and purchases a certificate every year. Any lapse in renewal of the permit will require the permit to go on the membership waiting list. Permit year follows the fiscal year which is March of current year to February of the following year.**
c) **Will lose their ability to apply for a permit ~~certificate~~ for two years if they wake surf or use ballast or wedge ~~any wake enhancing equipment~~ outside the designated wake surfing area for wake surfing, wake boarding or any other reason.**

Polly made a motion to accept the 2nd reading, Gina seconded the motion, and the motion passed. Nathan and Craig opposed.

Recreation – Steve Gray

The following recreation events occurred since the June 10th, 2026 LSPOA meeting:

- Woomblies Rock Orchestra – June 13th, 2026
- Car Show – June 20th, 2026
- Lake Santee Fireworks Display – July 3rd, 2026
- DJ on the Beach – July 4th, 2026
- Lincoln Street Band – July 4th, 2026

Upcoming recreation events include:

- Saffire Express Band – July 11th, 2026
- The Belairs – July 18th, 2026
- Farmers Market – July 25th, 2026
- Project 19 Band – August 1st, 2026
- Womens Club Auction – August 8th, 2026

Community Room Committee – Steve Gray
There were six Community Room rentals and two Shelter rentals in June.

Lakes & Beaches – Gina Julien

Youth Fishing Tournament:

The Youth Fishing Tournament was held on Sunday, July 5. It was an overcast day with temps in the 70's – perfect fishing weather. We had 41 youth anglers. Trophies, door prizes and goodie bags were generously donated by Chris and Rhonda Bennett and Craig and Pam Duncan. Bait was donated by Gary Hampton and Greg Yazel. Food, beverages and supplies were donated by my husband, Dave Julien, and me. Zero money was spent by the LSPOA for this very well attended and fun event.
Winners in each age group were awarded trophies:

Age 3 to 5:
Smallest Fish: Maverick Liville
Biggest Fish: Levi Sweet
Most Fish: Ezra Hall

Age 6 to 8:
Smallest Fish: Kate Mullen
Biggest Fish: Clay Hoover (Largest fish caught overall – 20.5")
Most Fish: Sheperd Crull

Age 9 to 11:
Smallest Fish: Owen Alerding
Biggest Fish: Jackson Montgomery
Most Fish: Ila Judd (Most fish overall – 11)

Age 12 to 14:
Smallest Fish: Elliott Wise
Biggest Fish: Trinity Harmon (16" Bass)
Most Fish: Bryson Montgomery

A very large selection of door prizes was raffled off. Door prizes included 13 fishing rods/reels, 4 tackle boxes, 6 soft sided tackle bags/back packs, fishing supplies, 6 bass pro hats, and water bottles. All participants received goodie bags as well (again, all donated by the Bennett's and Duncan's).
A huge thank you to our generous donors and volunteers: Chris and Rhonda Bennett, Craig and Pam Duncan, Dave Julien, Gary Hampton, Marc Santoro, Steve Gray, Greg Yazel, Jeff Davis.

Retention Pond maintenance:
Last month we had our contractor remove sediment captured in our retention pond. An estimated 5,000 cubic yards of sediment was removed. This equates to about $1 per cubic yard to dredge the sediment pond verses $22 per cubic yard to dredge the lake. The capture of this amount of sediment demonstrates that the mitigation project is working well. Maintenance will occur every couple of years.

East Beach Clean-up:
After the flood in early June, the East Beach took a beating and was covered with debris and ruts in the sand. The maintenance crew did a clean-up of debris, raked the sand and added additional sand.

Fish Stock:
As previously reported, we have an abundance of Chinese Mystery Snails. These are invasive and were more than likely put into our lake by someone emptying their fish tanks. These snails rapidly multiply and then have a huge die off, but multiplication continues by the millions. There is not a chemical that can be applied to the water to rid our lake of these snails without killing fish or altering the eco system. Redear Sunfish or commonly referred to as shellcrackers" for its diet of snails which it crushes with specialized throat teeth. It is identified by a red or arrange-edged black "ear" flap. We had Aquatic Control deliver and install 6,000 four-to-five-inch redear sunfish last month. We will continue to have redear stocked so that we can take advantage of their shell cracking and snail eating with the goal of helping to reduce the number of Chinese Mystery Snails. Please remember, Redear sunfish are CATCH AND RELEASE only.

Shot Rock Placement:

With the high water and flooding in early July, we had an area that water ran quickly out of the sediment pond and displaced rip rap across from the exit area of the retention pond. We replaced this rip rap with larger stone called shot rock. This will help to keep that shoreline more stable.

Coontail (Ceratophyllum demersum) plant growth:
Last year we began to see vegetative growth of coontail in limited amounts in some of our shallow water coves. As mentioned by John in his report of correspondence, this vegetative growth offers many benefits to our lake health and provides fish habitat. I too have received numerous phone calls and in-person complaints about the vegetation being so thick in some coves that it is hampering the use of boats (getting caught up in props), people cannot swim or float in these areas nor can they fish in areas that are so thick. I contacted Aquatic Control to see if there is a safe "spot" treatment that can be applied to these problematic areas. One of our consultants at Aquatic Control stated that the lake is heading toward a vegetation dominant system and the more vegetation grows the clearer the water is likely to become, leading the vegetation to be able to grow in deeper and deeper water. As stated by our Aquatic Control advisor, some vegetation is overall beneficial and can help outcompete the normal cyanobacteria blooms. A typical benchmark referenced in the regulatory community is a minimum of 30% littoral coverage. Of course, as a lake become clearer, that littoral zone acreage increases, and thus that minimum 30% benchmark. Coontail, can become especially problematic in clear water. However, if you kill too much of it off, the lake will go right back to a bloom dominated and brown water state. For areas of minimal impact, Aquatic Control recommends manual removal (i.e. with a rake) and to get down under the coontail to remove all the biomass (no roots, just strands).

As vegetation becomes able to establish in deeper water where it is less likely to cause these impairing conditions, the deeper growth should be left as habitat and water column filtration. For now, Aquatic Control's recommendation is to focus on areas of growth that would be impairing normal water use and access. This would include areas where the vegetation is impairing homeowners' ability to get their boats in and out of their shoreline boat lifts/docks or interfering with safe recreational use.

Per Aquatic Control, treatment of impaired areas can be completed for the following prices. Since the lake is a drinking water supply, we are more limited in what we can use to manage submersed aquatic vegetation without triggering additional water use restrictions or monitoring for drinking water safety. If the vegetation present is entirely coontail, these prices would be reduced further.

<10 acres: $625/acre
>10 acres: $525/acre
If a vegetation survey is needed to be performed to determine impaired areas and acreage, this survey can be completed by my staff for $1,500.

Treatment will last through the season (until October 15) and will be effective to 4-foot depth with minimal to no impact in water greater than 8 feet deep, thus allowing good vegetation that provides fish habitat and water filtration.

Currently there are two known areas on the lake where vegetative growth is greatly limiting members access to using their boats - East Beach Inlet and Sunrise Cove. These two areas need immediate attention and treatment. Future treatment areas will be assessed by Lake Manager, Maintenance Manager, LSPOA President and Lake & Beaches Director. Decision to treat areas will be based on the recommendation by Aquatic Control as underlined above.

I have one motion and one recommendation:

MOTION for limited treatment for no more than $3,000 to occur with the next algae treatment by Aquatic Control on July 24. Steve Gray seconded the motion and the motion passed.

NOTE: The day of treatment the lake will be at "Idle only" to minimize excessive disturbance and more rapid dilution of the treatment.

Because this is a lake-wide issue (much like algae control), I am strongly recommending that treatment cost for vegetative growth be included in our annual budget moving forward.

Dam Spillway Repair Update:
Civil & Environmental Consultants (CEC) is investigating dam spillway concrete voids and will provide a detailed investigative report and fee for moving forward with the concrete repairs.

Membership – Polly Fox

We had three new memberships in the month of June, including:
Wayne and Katherine Davis, Lot 1446

Marina – Polly Fox

Marina

A reminder to the membership that we will be lowering the pool a little earlier this year as well as a little lower so that we can begin work on the new sea wall at the marina. We intend to do half this winter and the other half next winter.

Marina (Lower Level) Store

Thank you to the marina store help over the busy July 4 weekend. All went smoothly. We did not run out of supplies or gasoline. So, it appears we were well prepared and we are grateful to all who made that happen.

We will keep the posted hours of operation at least until school begins in early August. At that time, we may need to reduce store and dock gasoline hours. We will keep the membership posted if and when those changes. In addition to the normal weekend hours, we will be open Monday, September 7, Labor Day from 10:00 am to 3:00 pm.

Marina Shop

The transition to the new lessees of the marina shop happened very seamlessly on June 1. Thank you to the Armantrout's and Pat Knafel and Eric Sieg for that smooth transition. They are operating under the same name; Lake Santee Marine Service. Please see their ad in the Smoke Signals for additional information.

Lakeview Wellness (Marina House)

I want to thank the entire membership for their patience and support of the marina house renovation project. The leadership has been hard at work finalizing plans with the builder to ensure the properly do the project in stages. Anything worth doing is worth doing thoughtfully and well.

Lakeview Wellness plans to continue offering private pool rentals through August. The pool will then close for renovation preparation and construction. While the exact timeline is still being finalized, updates will continue to be shared as plans are confirmed.

A sincere thank you to everyone who donated, volunteered, and shopped at the Fourth of July Community Garage Sale. Together, the community raised $2,476, with all proceeds going toward maintaining the marina building. The fundraiser was also a wonderful opportunity to welcome community members into the building, offer tours, and hear feedback about the space.

The inaugural Summer School workshop series has been a great success, and Lakeview Wellness is grateful to the local presenters who generously donated their time and expertise.

The Lake Santee Family Camping Weekend hosted by the Lakeview Wellness Youth Group and Friends is set for August 21-23 at Camp Woodsmoke. Families interested in camping can contact John at the Lake Office for details and reservations. We are looking for volunteers to help with meals and games/activities. To help with meals contact Debra Haboush 317-801-2628. To help with games/activities, please contact Angela Choate 317-258-2034. Cash/Check donations are being accepted at the Lake Office.

To stay up to date on renovation progress, upcoming programs, and volunteer opportunities, sign up for the Lakeview Wellness newsletter at LakeviewWellness.org.

Building Committee – Craig Stilwell
The following Building Permits were issued in June:

Gayle Bryant	599	Pool
Mark Kolp	121	Fence
Ryan King	142	Culvert
James Schmid	946	Asphalt Shingles

Clean Up – Craig Stilwell

A cleanup round (by road) was conducted on June 16th. As a result, 7 courtesy letters, 4 second-notice letters, 3 third-notice letters, and 4 "fines continue" letters were sent to members. A tour of the lake properties by water is scheduled for this Friday, July 10th.

Roads & Maintenance – Aaron Fitzgerald

- 2 water leaks repaired
- 26 locates
- 1 water tap
- 1 sewer tap
- Gravel on roads completed
- Dust control on roads, still have a few roads to spray
- 5 new spruce trees at entrance
- Seeded and straw at entrance also.
- Replaced all rope on beach barrels with new swivels cleaned brush out of the spillway creek
- Continue to work on culvert around lake.
- Paved Itawamba

Security – Ryan King

OLD BUSINESS

- East Beach Committee update

NEW BUSINESS

- Set aside transfer – Transfer $115,000 from FFB checking to Edward Jones investment account from budget. Motion made by Michael to transfer, Craig seconded the motion carried.
- Position posting – Polly made a motion to approve an Assistant Lake Manager position as discussed in the executive meeting. Gina seconded the motion and the motion carried.
- Nuttin Fancy Band Friday Sept. 25th. Craig made a motion to accept the free concert to be held at Lake Santee. Polly seconded the motion and the motion carried.
- Woomblies June 12, 2027. Steve made a motion to approve the event. Michael seconded the motion and the motion carried.
- Camp Woodsmoke campground rental- Steve made a motion to approve the LSPOA donate a maximum of $440 for the balance of the event. Michael seconded the motion and the motion carried.
- Boat slip at community dock – Gina made a motion to accept the installation of a boat lift at one of the marina slips. Craig seconded the motion and the motion carried.
- Youth Group Car/Cart Wash weekend of July 25 – Michael made a motion to accept and Polly seconded the motion and the motion carried.

MANAGER'S REPORT

Ballots for the Board of Director's election will be mailed by July 15th. Please review the candidates and vote for up to 3. Ballots must be returned in the return envelope with your name and lot number provided. The deadline for returning ballots is by 1:00 PM August 8th at the lake office.

The 2026 Annual Meeting of the Lake Santee Property Owners Association will be held Sunday August 9th at 2:00 PM.

Everyone is invited to the Lake Santee Family Camping Weekend at Camp Woodsmoke on August 21st-23rd. Join us for the weekend or join us for some of the various activities. More information to come. The Board of Directors have agreed to include this as part of our Recreation activities for the youth of our community. It is a very special opportunity to link our youth with others in our community as well as enjoying activities in the outdoors. We are looking for volunteers to help with meals, activities and clean up. If you can't volunteer your time, please consider donating food or money for the weekend.

I would like to thank Aaron, Gina and Steve for volunteering their time and efforts to serve on the Board. I think it should be a requirement for a member to serve on the Board to earn the right to post on social media. I want to thank Gina for her six years on the Board during a very important time for the Lake & Beaches. She was tasked with Silt/Sediment mediation, water analysis, shoreline erosion and dam analysis. She worked very hard with her committee members, contractors and fellow board members to increase water quality and to protect the lake as our most valuable asset. A special Thank You to Steve for serving on and leading the board. Only Donna and I know how many hours Steve devoted to serving as President. Rarely did a day go by that Steve didn't check in or call me about an idea. He was very instrumental in steering the Board in the right direction on tough decisions such as, dues increase, marina purchase, and building our reserve for future expenditures.

With no other business to conduct, the meeting was adjourned by a motion from Craig and a second from Polly.

Respectfully submitted,

Nathan Walsman, Vice President/Secretary

All L.S.P.O.A. board meetings are the second Wednesday of each month at 7:30 P.M., in the Community Room. It is an open meeting for all of our members .
