.Our first Lake Manager, the late Tony Miller, gleaned from his travels to other lakes that the organization of a Booster Club to handle this publication would be beneficial. The first official publication, which became known as The Smoke Signals, was

published on March 28, 1969. It was published by a group of VOLUNTEERS and continues as such to this day.

Funds for this monthly publication are received from donations from LAKE SANTEE MEMBERS and our ADVERTISERS. If you would like to VOLUNTEER or CONTRIBUTE, contact: Paul or Nancy

Sooner is better than later to volunteer so we can plan. This is an aggressive calendar and we need many people to make it happen. Thanks to those who have already stepped up, but we need lots more people do so now. So, grab your phone and call or text or sign on to your E-mail and send me a message.

Carol Goodwin, (765) 686-0858 or mccwg@yahoo.com

As election day nears, 2018 is turning into an important election year for Decatur County. Many important county offices are up for election this year and on May 8, 2017, I announced my candidacy for the office of Sheriff of Decatur County. Friends, the next Sheriff will be responsible for addressing many issues that will impact each of us, our children and our communities. These issues include:

- **Current jail overcrowding and how we will responsibly build a new jail that will serve the County now, and in the future as needs change**
- **The heroin epidemic and the illegal use of other narcotics**
- **Programs for inmates to help them overcome their addictions**
- **Crimes occurring against people and property that are fueled by drug and economic issues**

I am asking for your vote on May 8, 2018 as I truly believe my experience of over 27 years in law enforcement makes me the best candidate to tackle these tough issues. I am the only candidate with leadership experience, having led a law enforcement agency while serving as Chief of Police for over five years. I also have an additional 22 years of experience investigating and helping to prosecute the most serious crimes which have occurred in Decatur County. **I am asking you to choose me as your next Sheriff.**

Please join us on Sunday, April 8, 2018 from 2:00 to 4:00 at the home of Rick and Mary Johnson, located at 543 Santee Drive for a meet and greet. I look forward to meeting you and sharing my ideas with you on the future of law enforcement in Decatur County.

Please join our campaign by following us on Face Book at Meyerrose for Sheriff or our web page.

Thank you in advance for your support.

Bryant's Bar and Grille Annual Golf Cart Runs 2018

The signup sheet is at Bryant's Bar and Grille so sign up now for the 2018 Annual Golf Cart runs at Lake Santee. Please sign up only once until everyone has had a chance to participate. Stops can be on any road in Santee, even a bare lot that you own. However, if you prefer, Bryant's will volunteer the use of the party room. Hosts provide paper and plastic table service and a main dish (like hot dogs). Everyone brings a dish to share. A drink is provided at each stop, however snacks are not expected. Carts follow in a single file with no passing. (Slower carts may wish to be toward the back.) A restroom break is at the East Beach. We all end up back at the host's house to eat. This is a great way to meet new people and socialize. Plan to join the fun! Host locations are subject to change so check at Bryant's Bar and Grille for updates.

In 2018 the runs will be the second Saturday of the month except in August due to the Annual Women's Club Auction.

Dates for 2018 are:

May 12 **June 9** **July 14**

August 18 **September 8** **October 13**

Vacation Bible School will be in June for Children ages pre-school through 6th grade. Registration will be available in May.

If someone you care about has hearing loss,

take time to listen.

Taking the time to listen to and understand the challenges your loved one is facing while coping with hearing loss is a great way to show your support.

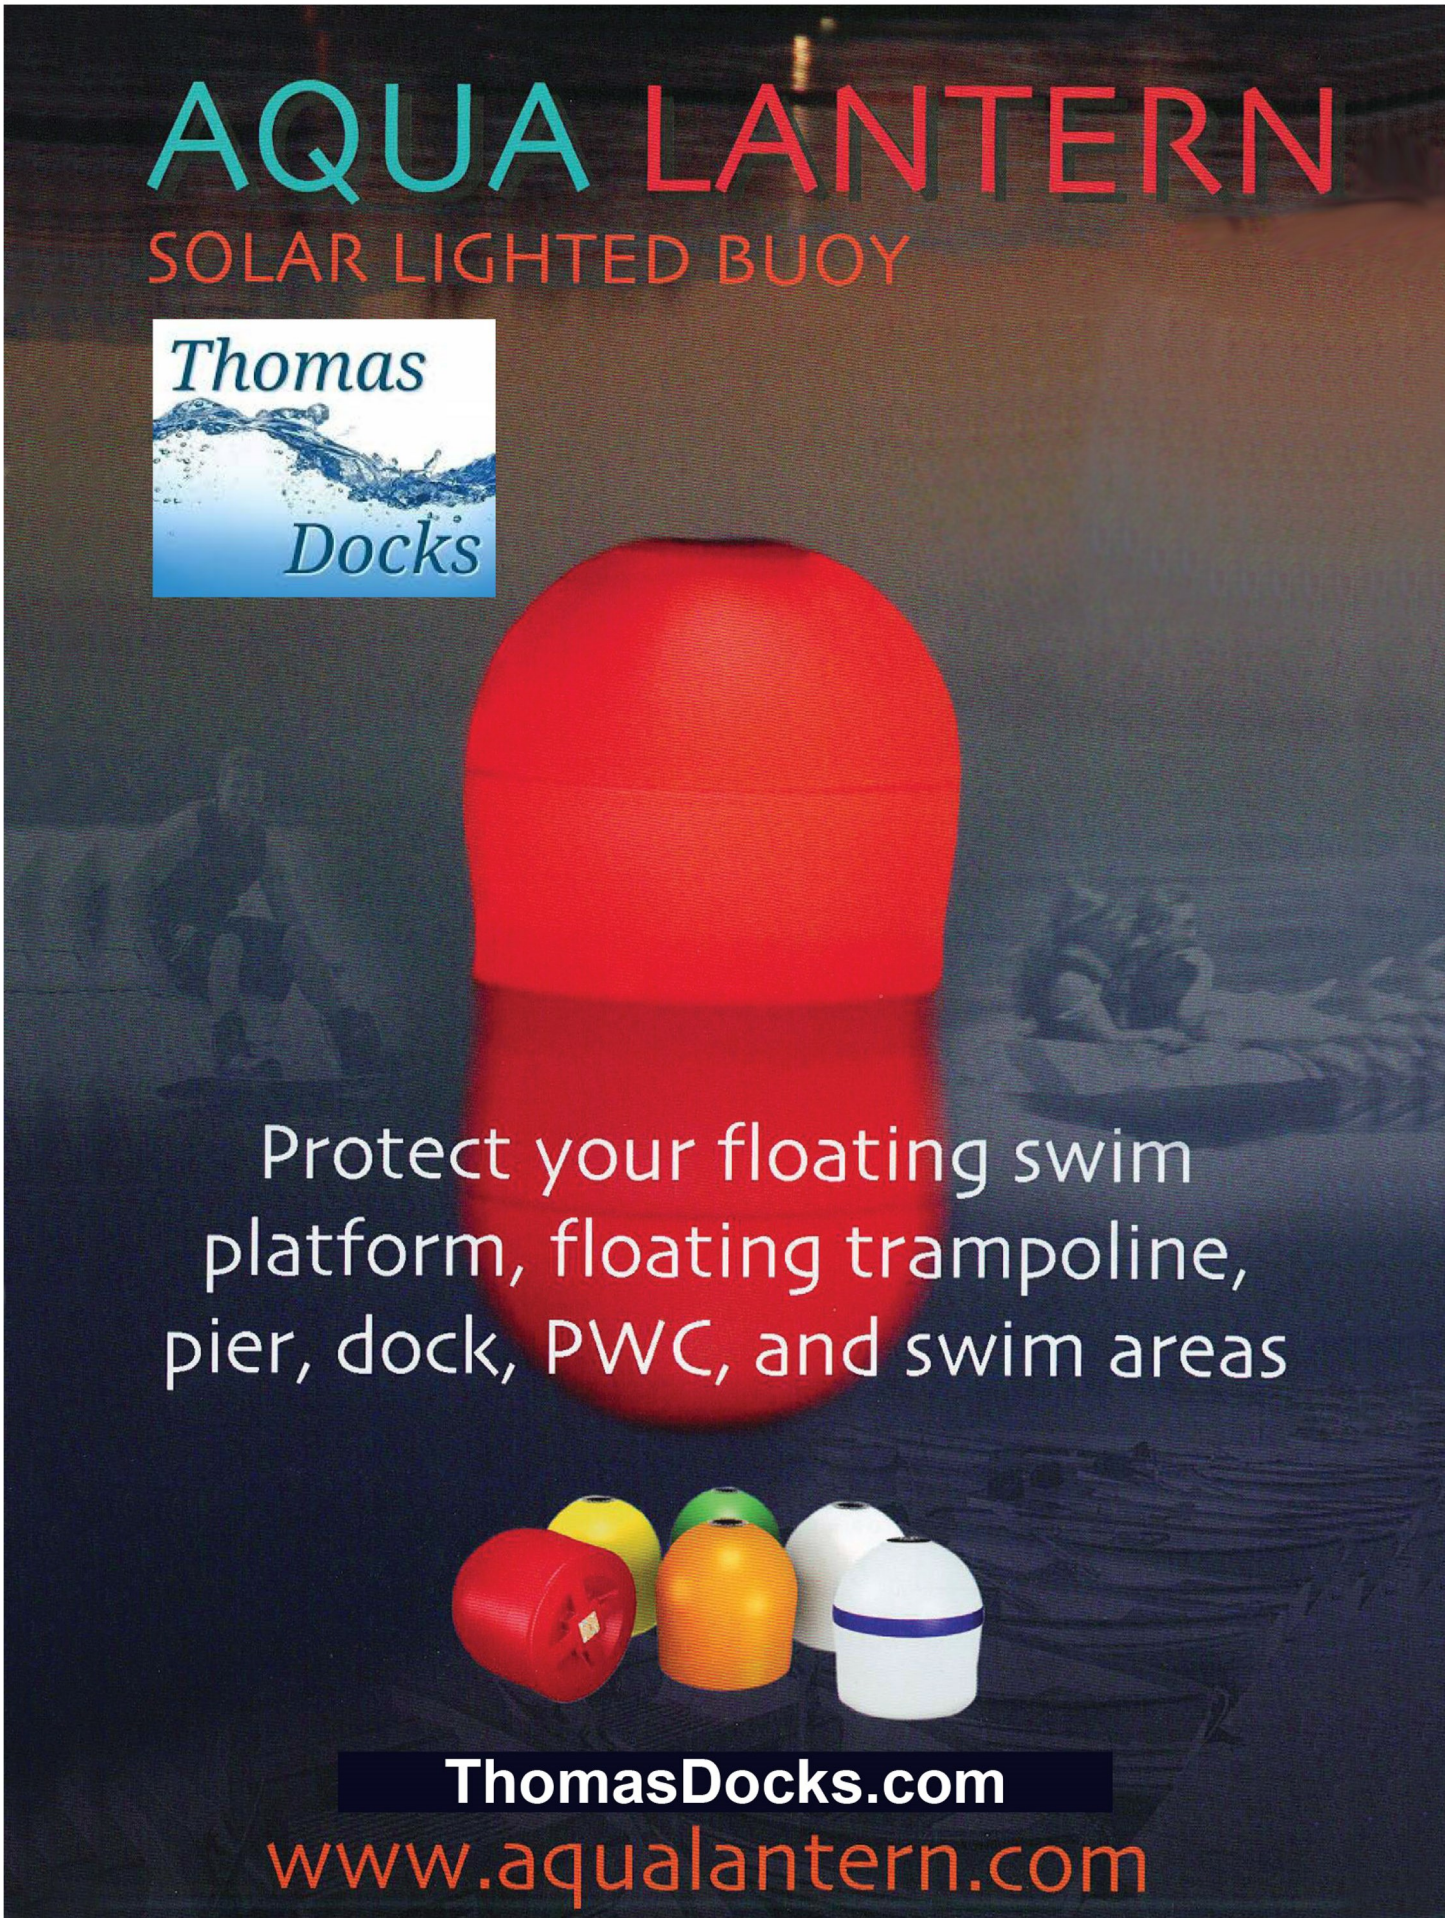

Another way is to join them for a Comprehensive Hearing Evaluation with **Doctor of Audiology Josh Kappel.**

Your input and encouragement can play a pivotal role in your loved ones journey toward better hearing and an improved quality of life.

DECATUR COUNTY SOLID WASTE MANAGEMENT DISTRICT

WHY RECYCLE BATTERIES & FLOUROSCENT LIGHTBULBS?

- Flouroscent lightbulbs contain approximately 4 miiligrams of mercury-a very poisonous heavy metal that is harmful to human health and environment.

-Batteries contain corrosive materials and heavy metals. There are also several items inside a battery that can be recycled.

-Diverts waste from landfills!

IF YOU ARE RECYCLING BATTERIES, WE ASK THAT ALL BATTERIES HAVE TAPE ON EACH END TO PROTECT THE TERMINALS FROM FIRE HAZARD. WE WILL NOT ACCEPT UNLESS TAPED. TO RECYCLE THESE ITEMS PLEASE CONTACT US AT 812-663-0960 FOR DISPOSAL OPPORTUNITIES.

Cook Safely!

Prevent Kitchen Fires

Did you know?

Cooking is the main cause of home fires and fire injuries. You can prevent cooking fires. Take these steps to keep your family safe!

- **Stand by your pan:**
  If you leave the kitchen, turn the burner off.
- **Watch what you are cooking:**
  Fires start when the heat is too high. If you see any smoke or the grease starts to boil, turn the burner off.
- **Turn pot handles toward the back of the stove:**
  Then no one can bump them or pull them over.
- **Keep a pan lid or baking sheet nearby:**
  Use it to cover the pan if it catches on fire. This will put out the fire.

Meeting Minutes
Meeting of February 15, 2018
3:30 PM
Lake Santee Community Room

1. Call to Order / Roll Call
   President Frank Erdosy called the meeting to order and requested a roll call. Members present were Frank Erdosy, Clair Fredrickson, Scott Gibbs, Kathy Tarzwell, Paul Gosnell, Jim Hornig, and Larry Kiernan. Also in attendance were Brad Jones, Utility Administrator and Brandon Litmer, Utility Superintendent. Guests present were Jim Massingale and Vicki Wilson.

2. Consent Items
   a. Minutes of January 18, 2018 Meeting
   b. Financial Report
   c. Register of Claims – Water
   d. Register of Claims – Sewer

   A motion was made by Clair and seconded by Kathy to accept the consent items with the following exception: hold the check related to the transfer until the account can be confirmed by the office. Motion carried.

3. Jim Massingale – Artifact Presentation
   When Jim Massingale bought Bill Smith's house in 1995, Bill left behind a few items related to the previous water company, Lake Santee Utilities. The Smith family was one of the original owners of the water utility after they purchased it in the 1965 / 1966 era (for more information about the history the original water utility and the general history of the first 50 years of Lake Santee, pick up a copy of the Lake Santee 50th Anniversary History Book available in the Office). In his basement, Jim found a map of the lake showing the layout of the water system which had an original stamped seal from 1966 – what a find! Jim also found a long handled valve wrench in his house. Jim has graciously donated these items to the District. Many thanks to Jim for preserving these pieces of history for all these years and for sharing them with us.

4. Superintendent's Report
   a. Sewer Status Report
      Brandon reported that everything is operating well and all tests are normal.
   b. Water Status Report
      The water plant is operating on a normal basis with no problems and all tests in the normal range. Samples have been taken for the quarterly DBP testing and sent off to the lab. Brandon is anticipating that the carbon will need replaced this spring – he will start obtaining pricing.

5. Administrator's Report
   a. Status Report
      Brad reported there were 22 credit card transactions, 176 ACHs, 4 valve turns, and 11 shut offs with 2 still off.
   b. Write-Offs / Adjustments
      Lot 1065 for $336.57 for a hidden leak in the yard and Lot 589 for $49.70 to fill a pool. A motion was made by Jim and seconded by Kathy to approve these adjustments. Motion carried.

c. Miscellaneous
   i. The SBOA made their annual request for the District to affirm its current debt – Brad returned this confirmation. Brad also submitted the 100-R report in the Gateway system reporting that the District had no employees.
   ii. Brad will be attending an IOSHA lunch & learn in Greensburg – there is no cost to the District for this seminar.
   iii. The office received a letter from a landlord indicating he is having trouble with his renter paying the District bills in a timely manner and asked what options he has available to help this situation. Brad will follow up with him.

6. Attorney's Report – None this month.

7. Old Business
   a. Outdated Ordinances
      Anne has conducted her final review of the work her law student performed on reconciling the outdated Ordinances and has sent that information to Clair for his final review. Clair has used that information to markup a printout of the District's website content. Frank asked Brad to update the website based on Clair's edits. Clair to follow up with Anne on the preparation of a single new Ordinance to clean up the outdated Ordinances. This will complete this huge task. Thanks Clair.
   b. Jesse sewer license test – Jesse will need to retake this test. Brandon will work with Jesse to get that rescheduled.
   c. Napoleon Water Interconnect
      Anne contacted Napoleon Water's attorney for a status update. Napoleon is still interested in this arrangement and has now made this a higher priority. Napoleon was able to contact the last property owner needed and the easement will be signed.
   d. Tower security – barriers
      Weather has delayed this project and will get started as weather allows.
   e. Internal Controls Standards
      Clair distributed updated IC Standards language to include the new security measures that have been installed/implemented. A motion was made by Kathy and seconded by Jim to incorporate this new language. Motion carried.

8. New Business
   a. Sale of Property – Paul Gosnell
      The District owns several lots near the north end of the lake subdivision. The question has arisen again about whether it makes sense to sell any of these lots or to hold on to them for future use. Paul distributed a map of the District owned properties to illustrate the areas being considered. Scott provided information related to the POA's Long Range Planning Committee's Study and the recommendations from the 2017 report. Based on the recommendations, the POA is establishing a subcommittee to focus on silt and sediment entering the lake. Scott has been asked to sit on that committee, which will start meeting this spring. Possible uses for the property were discussed and it was decided to table this issue until the next meeting. Scott to keep the District updated on the subcommittee's progress/direction.

b. Update Computer Software
Along with input from the District's attorneys and financial accounting firm, Frank has been researching software to better integrate the District's Billing Software with its Financial Accounting Software. Currently, these are two (2) separate systems that require some amount of manual data entry to incorporate data from one system into the other. So far, six software packages have been reviewed. Shaun King, of the District's financial accounting firm, is a Certified Pro Advisor in one of these packages and has been very helpful in evaluating the pros and cons of the various options. Frank will continue to research this and provide updates.

9. Trustee Reports and Comments
   a. Clair Fredrickson – The Internal Controls are operating well.
   b. Scott Gibbs
   c. Kathy Tarzwell – With the 10th Street Main Source branch closing, Kathy is getting the District's accounts transferred to the Downtown branch.
   d. Paul Gosnell
   e. Jim Hornig
   f. Larry Kiernan

10. Guest Comments – 2 minutes each – none this month.

ORDINANCE NO. 04-19-2018

An Ordinance establishing a District continuing acceptance of credit cards as a form of payment and setting a convenience fee therefore. This ordinance replaces and supersedes entirely Ordinance No. 10-18-2012

WHEREAS, The District previously determined that acceptance of credit cards was an acceptable form of payment; and

WHEREAS, The current fee for credit card use is insufficient to cover the District expenses related to credit card processing and acceptance; and

WHEREAS, Customers having previously requested and now utilizing the option as a form of payment should bear the costs of the same under certain terms and conditions set forth below;

IT IS NOW THEREFORE ORDAINED BY THE TRUSTEES OF THE LAKE SANTEE REGIONAL WASTE. AND WATER DISTRICT AS FOLLOWS;

1. Effective as of the date of the passage of this ordinance, credit card payments shall continue to be accepted as a form of payment by customers paying District rates, fees and/or charges.

2. The expense of processing credit card transactions, namely the charges imposed by the credit card companies which would otherwise be payable by the District as a "vendor" shall instead be bourn and paid or reimbursed solely by the customer utilizing this payment option. Thus, a $5.00 five dollar per transaction convenience fee shall apply.

However, no charge is established for District administrative time, efforts, or materials used while processing credit card transactions.

Friends of Wildlife at Lake Santee

Everyone Welcome!

Our aim is to encourage the members of the Lake Santee community to appreciate and protect our natural setting.

AH! APRIL!!

"Be joyful because it is humanly possible."*

After a hard cold winter, April is the most beautiful month to visit The Nature Habitat for the pure joy of celebrating Spring. The 8.3 acres of undeveloped forest at 1240 Kiowa Trail was dedicated as a wildlife refuge by Abigail Hutton -Stitts and her husband Charlie Stitts, original residents of Lake Santee. They funded benches and bridges for the trail that descends the ravine, follows the creek and then turns around to ascend the ravine on the other side. April is the month for wildflowers. The skunk cabbages have already bloomed but there will be Common Woods Violets, Sweet William, Buttercups, Trout Lily, Dutchman's Breeches, Spring Beauty, Jack in the Pulpit, Trillium, Wild geranium, Wild ginger, Star Chickweed and Dandelions among many others. The best viewing for a variety of flowers is every 6 days as some peak and fade as others open and bloom. There are wildflower brochures in the box that will help you identify a few. It can be soggy at the bottom so wear your trail shoes!

While you are at The Nature Habitat check out how the pollinator and butterfly gardens are coming along. This will be the second year for our raised bed gardens to attract bees and butterflies, specifically Monarchs. Our garden is now a certified Monarch Waystation! The gardens have been expanded this year to include more plants and a special memorial to Abigail Hutton Stitts. Abba's Butterfly Garden rock will be dedicated on May 26 at 2:00 followed by a guided wildflower walk. Join us for an afternoon of good company, fresh air and, well, Nature!

Nesting season is upon us! The birds are in full color and marking their nesting sites whether in trees, shrubs, grasses or boxes. Birds are important, not only for the joy they bring in their beauty, parenting their offspring, personalities, diversity and incredible ability to fly free and survive in harsh climates. Their health indicates environmental conditions which scientists can study to understand how to promote a healthy planet. Remember that fallen nestling can be replaced or tucked into a basket near the nesting site. If you find an injured bird Kathy Hershey at UTOPIA Wildlife Rehabilitators can help with advice or rescue.

Friends of Wildlife meets the first Wednesday of the month at noon at The Dockside Bar and Grill then at 1:00 in the community room. Our next meeting will be April 4th . This time we will be going to The Nature Habitat at 1:00 for a wildflower walk. Join us! Everyone is welcome! charm.seright@gmail.com 812-663-5465

- Euchre & Bridge starts on April 5th
- Trivia is being held at Dockside with Bill Collings hosting. Bill added that he is going to try and do theme nights. (This is not a Lake sponsored recreation activity). Du McKinley challenged everyone to come try and beat him at trivia.

- Lot 909 Dale Thomas Remove old dock, new dock, rip rap shoreline; replace siding, soffit & windows
- Lot 574 Ron & Maria Winters New House w/ Metal Roof
- Lot 1578 Matthew Ruehl Boat Dock
- Lot 354 Charles Dieckmann Boat Dock

Clean Up – Steve Gauck
In Steve's absence Brad gave the clean up report. He stated that we are currently fining two properties and sent out one thank you letter. The committee will be out the end of

March for the next tour. A member in the audience asked that contractors be reminded a dumpster is required for properties under construction.

Roads & Maintenance – Polly Ann Fox

Polly stated that maintenance has been working on potholes and grading the gravel roads. The new shelter house is ready to have the trusses set. Polly added that it was brought to the Board's attention that we were missing a state permit for the shelter house but it would not hold up construction and we would obtain the required permit.

A resignation notice was received from Jesse Baughman in Maintenance and his last day will be March 23rd. We will be looking to fill that vacancy very soon. We will also be starting to look for summer help.

Security – Wade Amos

Wade stated we have a current need for additional security personnel. The position is posted for either a full time or part-time. We have received a few applications but will keep the posting up for a little bit longer. If you or someone you know is interested in the opening please contact the office for an application.

Security Cameras

The board has been looking to upgrade/replace the security cameras located around the community with the possibility of adding additional cameras. Wade presented three bids for the boards review. Each bid contained the installation of cameras at multiple locations and the laying of fiber optic infrastructure along with a monthly point to point internet contract that would vary depending on the total number of locations with cameras

Bid 1 (ETC) – equipment for 5 locations $14,059.45 with monthly internet contract of $527.75. This bid also contained 3 additional optional locations, which would put the total at $15,488.20 for equipment and adjusts the monthly internet contract to $698.60. Equipment fee would include the recording system and hard drives.

Bid 2 (Nelson Alarm Company) – equipment for 4 locations (bid for north gate was not provided) $20,080. In addition to the equipment cost ETC would need to do fiber optic infrastructure for $9,100 and would have a monthly internet fee of $527.75. Total equipment/infrastructure cost would be $29,180.

Bid 3 (Multiguard) - equipment for 5 locations $29,129.00. In addition to the equipment cost ETC would need to do fiber optic infrastructure for $9,100 and would have a monthly internet fee of $527.75. Total equipment/infrastructure cost would be $38,229.

The board determined ETC would by far be the best option based on price. There was some discussion from the board and audience members in regards to the overall costs and the number of cameras/locations needed. After a motion was not made it was determined the Board would continue to review and look for the best option in regards to our membership wants and needs.

Little Free Libraries

What is a Little Free Library?

A Little Free Library is a "take a book, return a book." It is a free book exchange. This allows for people to share their favorite book with their community.

What is Little Free Libraries mission?

Little Free Libraries have two missions. The first mission is to promote literacy and the love of reading by building free book exchanges worldwide. The second mission is to build a sense of community as we share skills, creativity, and wisdom across generations.

Who and How?

Greensburg Community Public Library and Greensburg FFA. The Library received a small project grant from the Decatur County Community Foundation to place libraries around Decatur County. The Greensburg FFA works on securing locations, building, and helping the Library in any way.

Locations Expectations?

A location expectation is to care for their Little Free Library, so it becomes and continues a long life as a vital, engaging resource of the neighborhood and community. The location should welcome participation and create a friendly place around the library. Locations just need to inform the Greensburg Library about any issues.
